FOREWORD

Harold has always been a very practical cattleman. He has always kept cows that made money for him. He was one of the first to recognize the polled factor even in Dual Purpose Cattle. He was looking for a beefier animal than the straight milkers, and combined both milk and beef.

He was also very particular about udder and teat placement, and we can really go along with this, as we probably had more Jibbskot cows than anyone else. They were very feminine and there were many cows that were 100% de-horners. I am sure that these cattle crossed with a beef bull will leave a great set of calves in the future.

Sincerely,

Ernie Esau

Ernmore Farms,

Elm Creek, Manitoba.

Joyce, Jannett and Harold

Welcome to Jibbskot Farms

It is with considerable regret that we have come to the unavoidable decision to disperse our herd.

The past 21 years of raising Polled, Dual-Purpose Shorthorns has been an extremely interesting, satisfying and happy period of our lives. This has been a family effort with my wife Joyce in particular doing all the pedigree work as well as much of the actual care and handling. But, time changes all things. David, our only son, is kept busy full time now with his job and Jannett's school schedule gets heavier each year. And as I have become a partner in another business, more and more of my time is spent away from the farm.

To read back through our records brings many wonderful friends to mind. Shorthorn buying, raising and selling brought us in contact with many nice people who have added greatly to the pleasure of raising these cattle.

Despite our inability to show our cattle (therefore, reducing their exposure to the public eye) we've been fortunate in placing Jibbskot stock in herds from Nova Scotia to British Columbia in Canada. Many have found their way to various parts of the United States due to Ernie Esau's hard work and showmanship.

Shorthorns have been good to us. We now wish to welcome you all to our Farm July 26th and hope our cattle fit comfortably into your breeding program and give you as much enjoyment and satisfaction as well as profit as they've done for us.

Harold, Joyce and Jannett

NOTES

NOTES

Terms and Conditions of Sale

TERMS: The terms are cash, or cheque at par, unless other arrangements are made with the Seller before the sale. All payments must be made to the Clerk of the Sale and no release will be given until satisfactory settlement has been made.

BIDS: The highest bidder shall be the buyer. In case of dispute, the animal shall again be put up for advance bids and if there be no advance bid, the animal shall be sold to the person from whom the auctioneer accepted the last bid. Every animal is pledged to absolute sale and by-bidding is prohibited. Every animal must be transferred to the new owner.

RISK: All animals are at the purchaser's risk as soon as sold, but will be cared for during a reasonable length of time after the sale.

ERRORS: If errors are noted in the catalogue, announcements of corrections will be made from the auction stand, and such announcement will take precedence over the matter in the catalogue.

CERTIFICATE: Each animal is recorded, or will be recorded in the Herd Book of the Breed Association. (Transferred registry certificates will be forwarded to the purchaser of each animal).

SHIPPING: Assistance will be given in making shipment after the sale, but no risk is assumed by the Sale Management or Seller. Expenses incident thereto are for account of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

Immediate Delivery unless arrangements have been made with the sales management.

WARRANTIES:

1. Each seller warrants clear title to the animal and right to sell same.
2. Unless otherwise noted in the catalogue or announced from the Auction Stand each animal is sold as sound.
3. To the best of our knowledge, we believe that information contained in this catalogue is accurate and factual. As this is a Dispersal Sale, no further guarantee can be given.
4. The seller is not responsible for damages caused by foreign bodies after the animal is sold, nor for sickness not apparent at sale time.
5. Transportation charges on all animals subject to adjustment shall be paid by the shipper.

ACCIDENTS: Although every precaution will be exercised to protect the safety and comfort of guests, neither the Auctioneers, Owners nor Sale Management will be responsible for condition of the grounds or behaviour of animals and disclaim any liability, legal or otherwise in the event of personal accident or property loss.

The above Terms and Conditions shall be a contract between the buyer and seller of each lot.
